	VYQ	C			EL-**** ※2 / KENSIN / N-ANTI
		OR/OL/MR/ML			EL-**** ※2 / KENSIN / N-ANTI / NEWKOB4

※1 Chain codes will differ according to the metal color of the elements. Please refer to the codes described above.

※2 Special codes will differ according to the metallic color of the elements. Please refer to the codes described above.

## - Instructions For Use -

- Slider locking and attachment strength of individual teeth is lower than 5VS.
- Do not use this product for luggage or boots.
- This product is not for reversible use.
- Do not subject this product on heavy loads. This may result in loss of zipper strength and in some circumstances cause breakage.
- Make sure this product is completely closed when placing into a washing or drying machine.

Partially closed zippers may become entangled with other items, resulting in damage to the teeth, slider or other items.

Please note that the photo images may not look exactly the same as the actual items due to various factors, including display and color capability of printing.
